

SHOW DESCRIPTION

In 1992 & 1993 MTV aired Pearl Jam & Nirvana's Unplugged shows.

Lightning struck multiple times for *MTV Unplugged* and it was all because of Grunge Rock and the Seattle Sound.

Now you can experience those historic shows with Polly's Jam – The Ultimate Tribute to Nirvana and Pearl Jam starring Floyd Blackburn as Curt Cobain and Eddie Vedder and featuring Don Gauck-Guitar/MD, Greg Slone-Drums/Vocals, Chris Barlow-Bass and Nick Triantos-Guitar. Performed in the same “unplugged” fashion as the original memorable performances, you'll think you were there.

Wear your favorite 90's outfit or T-shirt as you watch, listen and relive the music that defined a generation.

FYI... "Polly" is a song by the American alternative rock band Nirvana, written by vocalist and guitarist Kurt Cobain. It is the sixth song on their second album, *Nevermind*, released in September 1991.
